## Former Canadians Here Will Take Part in Huge Rally at Redondo Beach on May 28th

The American and Canadian Joint Tourists' Association is sponsoring a great rally of all who have ever lived in Canada, to be held at Redondo Beach on Saturday, May 28. This is the occasion of the opening of the summer tourist season at the beach, and the Canadian Club of Los Angeles County, as well as the Dominion Old Boys' and Girls' Association, has accepted the joint American and Canadian invitation to hold a basket picnic, sports and games, as well as a basket picnic, at Redondo Beach City Park on Saturday, May 28, open free to all. There are over 185,000 residents of Southern California, all good citizens of the United States, who have lived at some time in Canada. It is to honor this great body of residents that the mobster rally is given to them, with free dancing all day, band concert, international speakers, reunion of Americans and Canadians, old home-town rallies, etc. Gov. Brett of Alberta, President Hoover, head of the tourists society and ex-Premier Bell of Prince Edward Island will be present. Hawthorne, Gardena and Torrance district has a great many former Canadians, and there are expected to turn out in great numbers on this day. Saturday has been chosen on account of the children and also because of the championship lacrosse games, which are to be a great feature of the occasion. Dr. W. B. Major of Redondo is chairman. Two thousand former Canadians are to be made honorary members, free of the association and in order to spread the news and get out a great attendance a special committee of 1000 has been selected. Among these are many from this district, including: Torrance—Dr. W. J. Neelands, Robert Fyfe, Mrs. W. J. Knapp, John M. Moore, Mrs. J. W. Knorr, Pearl Arnold, Emma Miller Briney, Phyllis Knorr, Mrs. J. A. McVicar, Gus Bray, D. G. Hudson, Mr. and Mrs. R. J. Ferguson, A. D. Butta, Mrs. J. Moore, Mr. and Mrs. F. P. Lewis, Mr. and Mrs. Wm. Bauer, and others. Gardena—Mrs. E. Palmer, N. Lill, Mr. and Mrs. H. W. Monteith, Jas. Manson, D. D. Grant, F. S. Archibald, Mrs. F. H. Gladwin, Mrs. C. Lill, Marie Harder, Mrs. L. Fulton, Mr. and Mrs. R. Wall, W. B. Crawford, R. W. Powell, John Boyle, Mrs. L. Cunningham, Mr. and Mrs. B. E. Kennedy, Peter T. Mason, and others. The reunion and carnival is open and free to all. Everyone is invited to come and enjoy a great international peace day. Champion American and Canadian girls will play lacrosse—the fastest big game in the world—for a trophy.

Samuel Steigh, 82, died Saturday at his home in Redondo Beach, after an illness of six months. Death was caused by a cancer on the face. Born in Russia, Mr. Steigh came to California in 1914 from Perry, Okla. His marriage to Regena Swendig occurred in 1865. Mrs. Steigh died July 9, 1894. Surviving are seven daughters—Mrs. M. Letke of Kansas, Mrs. L. Dauman of Enid, Okla., Mrs. J. Brand of Perry, Okla., Mrs. W. Cox of San Diego, Mrs. Art Briggs of Los Angeles, Mrs. T. Henderson of Hollywood, Miss Lizzie Steigh of Redondo Beach; and six sons—M. Steigh of Fresno, John Steigh of Hollywood, S. Steigh of Huntington Park, Jacob Steigh of Long Beach, H. Steigh of Redondo Beach, and Charles Steigh of Lomita. Services were conducted at Cate's parlors, Redondo Beach, at 4 o'clock by Rev. Olmstead of the Congregational Church. Four of the daughters, Mrs. Henderson, Mrs. Cox, Mrs. Briggs and Miss Steigh, and one son, Charles Steigh, accompanied the body to Perry, Okla., where services will be held and interment made.

### TEMPTING FOODS

The commonest foods when well cooked and well seasoned, then well served, are always tempting.

**Braised Cabbage**—After cutting a good-sized head of cabbage in half, let it stand an hour or more in cold water to cover, then put on to cook in boiling salted water until nearly done. Drain and remove the hard center after it has cooked 20 minutes. Put into a saucepan one sliced carrot, one turnip sliced, one stalk of celery, a few springs of parsley, one sliced onion, and a bunch of any herbs. Lay the cabbage on top, pour over two cupsful of good stock, and boil until all the vegetables are tender.

**Hot Tamale**—Boil a fowl until tender, strip the meat from the bones and chop fine. Chop half a pound of seeded raisins and one-half cupful of stoned olives with one red pepper, all finely chopped. Mix all together with a paste made of two cupsful of corn meal, scalded with boiling water, and cook for 15 minutes. All six half-cooked rolls, place in the smooth inner husks of green corn and tie with strips of the husk. Boil for an hour in salted water.

**Parasnips**—There are so few ways that parsnips are served that an occasional change is always welcome. Try cooking them unscrapped, then remove the skin and mash. Serve them as fritters by dropping a spoonful of the parsnips, well seasoned, into a fritter batter and frying in deep fat.

**Another most appetizing way of serving parsnips is to peel and slice them into matchlike strips two inches long, put to cook with no water except that which clings to the vegetables when washed. Add a spoonful each of lard and butter and stir occasionally to insure an even browning. Add salt and pepper, if liked; serve as a vegetable or as a garnish for the platter of meat.**

**Buttered Parsnips**—Clean parsnips and slice into quarters, and the quarters into strips. Put to cook in a tightly covered dish with a tablespoonful of butter, stirring occasionally and cooking slowly for two hours.

## GILBERT THAYER'S HEALTH SERVICE DEPARTMENT OF THERAPEUTICS 608 GRANT BUILDING

Los Angeles, California, Nov. 22, 1926.

Duplex Water Percolator Co. Gentlemen:

It may be of interest to you to know that in the Duplex Water Percolator I have found my greatest ally in the work of reducing hardening of the blood vessels and other body tissues. This hardening process, beginning in childhood, reaches serious proportions usually in the thirties. Water heavy with inorganic mineral matter is one of the most potent factors in this hardening process.

Deposits similar to that upon the inside of the tea kettle are being carried into every tissue of the body, until there is dysfunction of organs, stiffening of joints, deadening of the sense of hearing, confusing of the brain reactions, and other signs of senility or "old age." Bottled waters are usually very heavy with these inorganic properties, even were this not so, why should one use canned water when fresh water is available? Boiling or distilling does not meet the issue, for these are no longer LIVING WATERS.

The Duplex is the only filter I have found which satisfactorily removes this dangerous factor—see report of St. Katherine's Hospital—and to the Duplex I partly owe the fact that I have so far overcome this hardening process, plus almost every ill to which flesh is heir—that during the past few years I have challenged any physician of my years—if a flesh eater—to a five-point contest in mental and physical feats. Every patient of mine is instructed to install a DUPLEX and use no other water for drinking or cooking.
